Furthermore, as per the decision made during our Administrative Meeting held on 12/09/2023, the position of Senior Editor will not be filled through direct selection for this session. Instead, we will determine the Senior Editor among the Associate Editors based on their experience and contributions over time. Thereby, all those who have been selected for the Senior Editor interview are offered the position of Associate Editors for the time being. We have also decided to intake more Editors than initially notified positions. This expansion will allow us to further strengthen the Editorial Board. We believe that this approach will enable us to identify the most qualified individual to lead our Editorial Board as the Senior Editor, considering their demonstrated commitment and understanding of our Editorial goals.

Regards,
